

EYFS

Access the outdoor environment during Busy Learning sessions. The outdoor environment includes apparatus for climbing, bikes, balance beams; footballs, basketball hoops and bats and balls.

Set up obstacle courses utilising equipment including: tunnels, balance beams and stilts that the children have access to during free flow.

Left and carry blocks and other equipment during their play.

Develop their fine motor skills through carefully chosen activities that are provided within continuous provision such as: cutting, threading, hole punches, tweezers and pipettes.
