In PSHE, our topics are:

Drug Education:

To understand more about different types of drugs, including medicines and how they enter the body and their effects.

Diversity and Community:

To explore my identity, value difference, explore my community, to understand how to care for the environment and animals and plants.

To understand the different forms the media takes and some of what it does.

In RE, our key questions will be -

- What is faith?
- What are beliefs?

As a musician, we will focus around one song: Lean On Me and learn about pulse, rhythm and pitch, through games and singing and playing instruments.
