

As a writer we will be...

Studying 'The Lost Thing' and then 'A Christmas Carol'
Writing a setting description.
Understanding how to write persuasively.
Writing a narrative inspired by a Christmas Carol.
Writing poetry inspired by the Industrial Revolution

As a mathematician we will be...

Securing knowledge of number, including place value, and ensuring we can use written methods for all four operations (add, subtract, multiply and divide). Then we will focus on fractions and decimals.

As an artist we will be...

Designing, drawing and painting characters inspired by 'The Lost Thing'.

Year 6 Autumn 2022

As a scientist we will be...

Learning about electricity, including circuits and components.
Working scientifically and learning about scientific discoveries in the 19th/20th century.

As a computer user we will be...

Developing our coding skills using a program called CODE.org.

As a musician ...

As musicians we will learn how to play chords on the ukulele and how to compose our own songs based on the 12 Bar Blues.

After half term we will be learning Christmas songs for our Christmas

As a sports person we will be...

Developing our tennis and hockey skills.

As a historian we will be....

Studying the changes in Britain over time.

Learning about the Victorians and the Industrial Revolution.

Ordering events in history and summarising how Britain has been influenced by other countries and cultures
