

Year 1 home learning menu - due back by Monday 12th July

We would like you to pick **one** item from the menu to complete at home. Once complete take a photo or video and send it to your class email. We will print the photos in school and children will share their creations with the rest of the class.

History - Toys from the past

Interview a parent/carer or grandparent about the toys that they enjoyed playing with in their childhood. Write down your questions and answers as this will be really interesting to share with the rest of the class! You may like to take some photos of their old toys if they still have them.

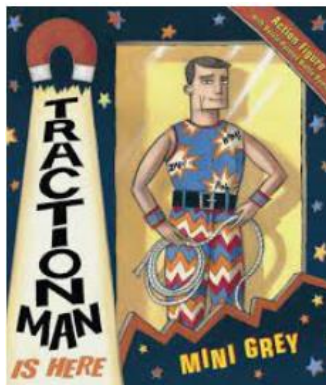

D&T - design your own toy

We will be creating our own vehicle as part of our DT project at school. This task is to design a toy of your choice and if you are feeling super creative, you could make it! Why not use a variety of recyclable materials from home?

English- write a narrative

We have been looking at 'Traction Man' for our English lessons. Write your own Traction Man adventure. Remember capital letters, full stops and adjectives.

Maths - time

Write a timetable for your weekend. Put in order the different things you do throughout the day. You could write it or draw pictures. Notice what time you do different things.
