

Home Learning Project

Class 1 & 2

We are going to be exploring insects this half term. For your home learning this half term please choose from one of the options below;

- Create a poster for your favourite insect and label the insects different body parts
- Design a fact file to tell interesting facts about your favourite insect
- Write a book (one short caption per page) about your favourite insect
- Go on a bug hunt and make a pictogram to show how many of each of the different insects you were able to spot
- Draw or paint an observational illustration of your favourite insect. Write a caption to tell us the name of your insect e.g. It is a honey bee.
