## Geography

Choose a European country and make an information poster, power point or leaflet. You could include: the capital city, flag, currency, famous landmarks, popular foods, sport or other interesting facts. You can choose how to present the information.

## Food Technology

For those of you who enjoy cooking prepare and make a food that traditionally comes from a country in Europe. You will need to write a recipe explaining how you made it!

## Design & Technology

### Recycle and Re-use!

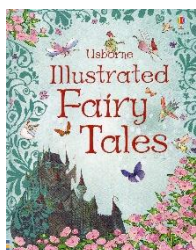

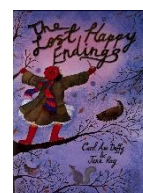

Recycle an empty box and turn it into something else. Have a go at making a Marble Run. Think about how you could make the marble travel more quickly or slowly.

Instructions can be found below

## ART

Be creative and make a picture/model of a scene or character from our class text 'The Lost happy Endings'. You can choose which materials you use for your art work.

## ENGLISH

The Lost Happy Endings by Carol Ann Duffy is a modern fairy story. Have a go at writing one of your own. Remember it needs to have all the elements of a traditional story. ( Once upon a time, Happy ever after, hero and villain etc)

You could take a story you know and update it with a modern twist.

# Making a Cereal Box Marble Run

Ever wondered what to do with those empty cereal boxes?  
Follow these simple instructions to make a cereal box marble run.

## You will need:

- 2 cardboard cereal boxes
- glue
- sticky tape
- scissors
- marbles

1.

Start off with your empty cereal box. Tape the lid shut and then cut off the front panel (take care, scissors are sharp!). Make sure you leave a little ledge at the bottom. This will stop the marbles rolling out everywhere when they reach the end of the run.

2.

Then take the detached front panel and cut it into three strips. Bend them at the ends and cut a notch on one side for the marble to run through.

3.

Next, take a little extra cardboard from another cereal box and fold the end of it and tape it onto the bottom. The folded end makes the marble run tilt back a little bit so the marble goes down the holes and doesn't fall out of the box.

4.

Finally, tape the strips into the box and cut a little hole at the top to drop the marble through. Then go and find some marbles!
