26th March 2020

Dear Parents / Carers and children

After talking to lots of you about how important spelling is, we know that you all want to improve your spelling so we have bought Rediwriter for you to use. You all have access to Rediwriter using your Mathletics log-in.

In the coming weeks, teachers in Years 1-6 will be sending you spelling lists to learn. We hope that you all have fun with the games and learn a few new spelling rules along the way!

You can sign in to Mathletics and then swap into Rediwriter, or you can sign into Rediwriter itself. You can still use a computer or mobile device, like a phone or a tablet.

Children, we know that the Rediwriter practice at home can make all the difference to your spelling progress.

Parents and Carers, please encourage your child to achieve a weekly target of 1000 points to earn a certificate, building through bronze, silver and gold across the school year. Go for gold!

Sign in with your child to start exploring what Rediwriter has to offer:

1. Visit login.readiwriter.com.
2. Explore all the engaging activities and games.
3. Check out 'My Progress' for your child's activity results and certificates.

Let us know how you get on and enjoy your learning

Miss Crellin, English Lead

Engagement is at the heart of Rediwriter Spelling. The student console puts your child in charge, granting them access to all tools and activities. Activities such as Syllable Sushi, Magic Boxes and Look, Say, Cover, Write, Check are designed to captivate your child's interest, encouraging autonomous learning and discovering the joy of learning.
